Dear Sir or Madam:

I am writing you as an XM customer who is very satisfied with XM's ability to provide traffic and weather on demand. I urge you to reject the NAB's petition 04-160 and to support XM's ability to provide the kind of programming that I as a consumer and subscriber both demand and deserve. Satellite radio provides variety and quality that are not available elsewhere. I pay for these services and it should not be up to the National Association of Broadcasters to dictate what I, as a paying customer, am permitted to hear

Sincerely,

Robert G Drew
